## PROGRAM NOTES FOR OCTOBER

October is my favorite month. Something about the crisp autumn air and the subtle change in light always make me a little sentimental, and as I started to sketch I felt that same quiet beauty in the writing. The simple, pastoral melodies and subsequent harmonies are inspired by the great English Romantics (Vaughn Williams, Elgar) as I felt that this style was also perfectly suited to capture the natural and pastoral soul of the season. I'm quite happy with the end result, especially because I feel there just isn't enough lush, beautiful music written for winds. October was premiered on May 14th, 2000, and is dedicated to Brian Anderson, the man who brought it all together.

## ABOUT THE COMPOSER

An accomplished composer, conductor and clinician, Eric Whitacre is one of the bright stars in contemporary concert music. Regularly commissioned and published, Whitacre has received composition awards from ASCAP, the Barlow International Composition Competition, the American Choral Directors Association, the American Composers Forum, and this spring was honored with his first Grammy nomination (*contemporary classical crossover*).

Born in 1970, Whitacre has already achieved substantial critical and popular acclaim. *Godzilla Eats Las Vegas*, a wild theatrical piece for wind symphony, has taken the classical world by storm and was most recently performed by the United States Marine Band (The President's Own) on the steps of the Capitol. *Ghost Train*, his first instrumental work written at the age of 23, is a genuine phenomenon; it has received thousands of performances in over 50 countries and has been featured on over 20 different recordings. Eric resides in Los Angeles where he serves as composer-in-residence for the 160 voice Pacific Chorale and works as a full time composer. In 1997 he received his M.M. in composition from the Juilliard School of Music, where he studied composition with John Corigliano.
