Winning the war on the Reactive Mind

Terra Incognita: The Mind by L. Ron Hubbard

The following is an excerpt from the first published article on Dianetics, released in the Winter/Spring 1950 issue of The Explorers Journal, the journal of the Explorers club of which Ron was a member.

Probably the strangest place an explorer can go is inside. The earth's frontiers are being rapidly gobbled up by the fleet flight of planes, the stars are not yet reached. But there still exists a dark unknown which, if a strange horizon for an adventurer, is nevertheless capable of producing some adventures scarcely rivaled by Livingstone.

During the course of three minor expeditions before the war the realization came about that one of the most dangerous risks in the field of exploration is not located in the vicinity of the geographical goal, but is hard by from the first moment of plan-

continued on next page

For as long as man existed, the war against the reactive mind - the single source of unwanted emotions and behavior, and psychosomatic illness - had been fought and lost. Then, in May 1950, a book exploded onto the bestseller lists that put into the hands of man the first and only technology that could win the battle against the reactive mind - Dianetics: The Modern Science of Mental Health by L. Ron Hubbard. Since 1950, over 16 million copies have been sold, and DIANETICS® has touched the lives of many millions. Today the popularity of DIANETICS is greater than ever, and with each individual who begins DIANETICS auditing, another battle is won in the war against the reactive mind...

Los ANGELES, CA. - The demand for DIANETICS is greater than ever, according to an executive in charge of the National HUBBARD® DIANETICS Foundation in Los Angeles.

"Dianetics is spreading like wildfire!" he reported. Over 800 new Dianetics co-audit teams* and groups have sprung up in the U.S. and Canada just this year. The demand for auditing is so great that we are holding Dianetics Workshops across the U.S. and Canada to assist people to start co-auditing Dianetics processes."

Thousands are co-auditing DIANETICS lies and SCIENTOLOGY processes - at home with friends or family, at DIANETICS Workshops, on higher level auditor training courses in Churches of Scientology - winning the war against the reactive mind and progressing toward Clear.

"We can barely handle all the calls coming from people co-auditing DIANETICS. They are reporting great successes," said one of the consultants who handles the DIANETICS Hotline calls.

*coaudit a team of any two people who are helping each other reach a better life with Scientology or DIANETICS processing.

Gloria, an attendee at a DIANETICS Workshop in Atlanta, Georgia, wrote this success, "The first Dianetics auditing session I gave was amazing. This was also the first session for the preclear. She went directly to a painful experience, repeating it several times and ended up giggling about what had before been painful. I am stunned and totally amazed with Dianetics auditing."

Barbara R. from Colorado Springs, Colorado only recently started auditing Beth on DIANETICS processes. Beth wrote, "This is undoubtedly the most incredible experience in my life. In one short week I truly feel better than I have, well, probably ever. Less physical pain, more mental awareness and alertness. Tonight during an auditing session I had a realization that has freed me from a lifetime of feeling like a burden to others and wanting to release my being a burden by trying to kill myself *ah my life* through food, alcohol and drugs. I no longer feel like a burden. I now have a sense of freedom that I have sought to achieve for many years."

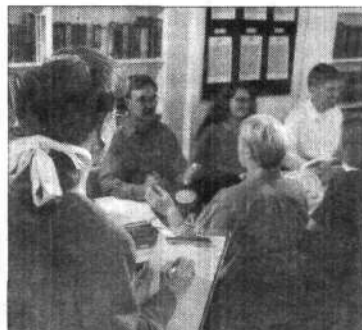

These wins are available to YOU, right now. Reach for the them and see!

IT ALL BEGAN WITH A LADY IN ST. Augustine, Florida, calling in to the National HUBBARD DIANETICS Foundation in Los Angeles to help her get started with DIANETICS co-auditing.

That sparked off the beginning of a nation-wide explosion of DIANETICS co-auditing groups being established. From that first call received earlier this year, the DIANETICS Hotline has helped to set up over 800 co-audit teams and groups all over the United States and Canada.

To cater to this huge demand for DIANETICS technology, workshops are now being held across the continent, with trained Dianeticists doing lectures and live demonstrations of auditing at these workshops. Hundreds of people have attended these workshops in the last few months alone - some driving hundreds of miles to attend these one-day hands-on workshops - to learn and witness the powerful miracles of DIANETICS auditing.

Anyone needing assistance to start co-auditing DIANETICS processes or to get information on the next scheduled DIANETICS Workshop coming your way, call the toll-free DIANETICS Hotline 1-800-367-8788.

Understand the meaning of any unfamiliar words before reading any further SCIENTOLOGY DEFINITIONS

L. RON HUBBARD: the Founder of Dianetics and Scientology.

SCIENTOLOGY: an applied religious philosophy. It is the study and handling of the spirit in relationship to itself, universes and other life. It is used to increase spiritual freedom, intelligence and ability, and to enable a person to realize his own immortality.

DIANETICS: uncovers the source of unwanted sensations and emotions, accidents, injuries and psychosomatic illnesses, and which sets forth effective handlings for these conditions. The word Dianetics comes from the Greek *dia* meaning "through" and *nous* "soul." It is further defined as "what the soul is doing to the body."

The subject of DIANETICS was the basic discovery which led to Scientology. DIANETICS addresses the mind, but SCIENTOLOGY philosophy goes further and addresses the spiritual being himself.

CLEAR: an extremely high state of existence attainable through Dianetics and Scientology auditing and training.

AUDITING, PROCESSING: exact techniques developed by L. Ron Hubbard through the application of modern research procedure to solve the problems posed by life and the physical universe; the application of DIANETICS and SCIENTOLOGY techniques and procedures to die individual to bring about increased awareness, ability and effectiveness.

TERRA INCOGNITA: THE MIND

continued from page 1
ning until the last of disbanding - the unbalanced member of the party.

After some years of war it became even more of a conviction that there are some things more dangerous than the kamikaze, just as they had been more dangerous than malaria.

For a mathematician and navigator to become involved in the complexities of the mental frontiers is not particularly strange; to produce something like results from his explorations into the further realms of the unknown definitely is.

There is no reason here to become expansive on the subject of Dianetics. The backbone of the science can be found where it belongs, in the textbook and in professional publications on the mind and body.

But in that Dianetics was evolved because of observations in exploration for the purpose of bettering exploration results and safeguarding the success of expeditions, it would be strange, indeed, to make no mention of it in its proper generative field.

Based on heuristic¹ principles and specifically on the postulate that the mission of life is survival and that the survival is in sev-

1. heuristic: serving to find out; specifically applied to a system of education under which the student is trained to find out things for himself.

eral lines rather than merely one, Dianetics contains several basic axioms which seem to approximate natural laws. But regardless of what it approximates, it works. Man surviving as himself, as his progeny, as his group or race, is still surviving equally well. The mechanisms of his body and his society are evidently intended to follow this axiom since, by following it in a scientific manner, several other discoveries came about. That Dianetics is of interest to medicine - in that it apparently conquers and cures all psychosomatic ills and that it is of interest to institutions where it has a salutary effect upon the insane - is beyond the province of its original intention.

What was wanted was a therapy which could be applied by expedition commanders or doctors which would work easily and in all cases to restore rationale to party members unduly affected by hardship and, more important, which would provide a yardstick in the selection of personnel which would obviate potential mental and physical failure. That goal was gained and when gained was found to be relatively simple.

What miracles have you delivered to others as an auditor?

Cindy Temps
Clear, SAINT HILL SPECIAL
BRIEFING COURSE STUDENT
SALT LAKE CITY, UTAH

"When we started our co-audit, my twin had trouble confronting life. She was not doing what she wanted to be doing - but she didn't even know what she wanted to do. On the co-audit she gained the ability to complete actions and to go for a goal and not let go until she achieved it. After we completed the co-audit, she went from having low paying jobs to owning her own photography firm. Her life has totally changed."

Brad Pettit
Clear, SAINT HILL SPECIAL
BRIEFING COURSE STUDENT
PHILADELPHIA, PENNSYLVANIA

"My mother had become ill and was in critical condition with a 30% chance of living. I delivered many assists to her at the hospital and, as a result, she recuperated much sooner than expected - she was up and walking in two weeks. The doctor couldn't believe it. After that, I gave her auditing and she fully recovered - in fact she was in better condition than before she got ill! I saved her life and the partial paralysis she had blew completely with the auditing."

Becky Buchanan
Clear, CLASS VI AUDITOR
BATON ROUGE, LOUISIANA

"I audited a woman who had actually been sick most of her life. This had been a source of a lot (if upset for her and she had tried many solutions to her illness over the years. I audited her for over 145 hours with New Era Dianetics auditing. This helped her out tremendously and she finally was able to get well after such a long time. Her doctors were impressed, to say the least. The auditing was what made the difference."

AUDITOR TRAINING SAVED MY LIFE

DAVID LAVERDIERE's life was without purpose. He couldn't maintain a lasting relationship. He was always in trouble. He had traveled the world looking for the answers to life, without success. His life hit bottom. Then, in 1986, a friend told him to look into SCIENTOLOGY.

Today David has a real purpose in life as a very successful contractor. He is Clear and a highly trained SCIENTOLOGY auditor on Level L of the SAINT HILL™ Special Briefing Course.

The road up began in 1986 when, on his friend's advice, David visited the Vancouver SCIENTOLOGY Organization in British Columbia where the registrar told David, "You'll find the simplicity of the answers you are looking for in Scientology auditor training." With nothing to lose David decided to try it. He quit his job so he could train intensively to become an auditor on the SCIENTOLOGY Academy Levels in Vancouver and has not looked back since.

"When I began in Scientology, my life turned around completely. Everyone in my family could see the difference and they all say it saved my life."

David soon moved to Los Angeles where he completed

Bob and Dory Scheckler:
Saint Hill Special Briefing Course Graduates

his Academy training and began the SAINT HILL Special Briefing Course at ASHO. It was on the Briefing Course that David co-audited to Clear.

David insists that co-auditing is the ideal way to move up to Clear. He said, "My co-audit twin and I would study the LRH materials and have huge gains just learning the truth about life and what's going on. We would then learn the exact processes and the theory behind them - the how and why of life. And THEN, we would go in session and audit the processes and see it work before our eyes, and experience it personally. There is a whole new realm and spectrum of gain available with the co-audit, a far higher level of understanding. There is absolutely no better way to move up to Clear and beyond than to co-audit."

David Laverdiere, with his wife Karen and their son Luke. Both Karen and David did their co-audit to Clear on the Saint Hill Special Briefing Course.

"What I have gotten from Scientology is priceless," David said. "The only way I can 'pay it back' is to give these gains and abilities to other human beings by auditing them."

MIRACLE IN FOURTH DIANETICS SESSION

BOB and DORY SHECLER were convinced without a doubt - DIANETICS technology works! After her fourth DIANETICS co-audit session Dory handled an ailment that had afflicted her throughout her life that doctors had never been able to handle or explain. For the first time in her life Dory had feeling and reflexes in her right leg.

The session had been delivered by her husband Bob, a chiropractor, using the techniques in *Dianetics: The Modern Science of*

Mental Health.

Armed with certainty and proof that DIANETICS works, Bob and Dory began professional auditing and trained to become auditors in the SCIENTOLOGY Organization in Miami.

That was in 1967 and Bob and Dory have been co-auditing ever since. Today Bob and Dory are Class VI Auditors and they have co-audited to Clear and beyond.

Bob is proud of how he has been able to assist his family over the years and help them go free. "Because I'm a trained auditor," said Bob, "I've been able to dramatically help all three generations of my family."

When Dory had a stroke in

the 1980s, she was unable to talk or use her right arm. Bob gave her intensive auditing. "She soon recovered sufficiently to give me a session," Bob said. Today Dory is fully recovered, which is a miracle in itself.

Bob also audited his daughter, Nancy Naugle, on DIANETICS processes. Nancy is a Class VI Auditor and one of the top auditors in the world today.

When Bob found his grandson having serious difficulties in life, he used SCIENTOLOGY technology to handle it. "He was in trouble with teachers and older students and got expelled from school. His life was going downhill." Bob began auditing his grandson. "I've audited him many hours on his road to Clear. He went back to high school and graduated and is now winning in life and handling his own problems and making his own decisions."

Do you want to be in a position where you know Scientology technology to die point where you are able to help yourself, your family and all of your friends? Take the co-audit route up to Clear and beyond." That was Bob's advice to the readers of the Auditor.
